Extended Writing Project: Prewrite

Organize and Support the Prewrite

Read the first section of the Prewrite Worksheet, which is filled out for the Great Migration. Use it as a model for your own brainstorming list.

Important event of the 20th century: The Great Migration

Texts that address this important event: "Theme for English B," "Any Human to Another," "Borrowing from the Blues" Blast

Ways that Americans might have redefined themselves after this event: Greater pride in African American culture, African American culture becoming more mainstream, an escape from oppressive policies in the South

Other related events: The Great Depression, World War II, the Civil Rights Movement

Texts that address related events: Plessy v. Ferguson, Brown v. Board of Education, Hiroshima

Questions I may want to research: Why did African Americans move north? How were African Americans treated differently in the north than in the south? What challenges did they still face? How did the Harlem Renaissance affect African American culture? How did it change how white Americans viewed African Americans?

Important event of the 20th century: _____

Texts that address this important event: _____

Ways that Americans might have redefined themselves after this event: _____

Other related events: _____

Texts that address related events: _____
